Mr Chater said : I have listened with very

ment in his speech to the effect that the salaries of the officials having best decided unon by the Secretary of State the officials were not going to reduce their salaries until Protos was in hand, and fortunately the the Secretary of State decided otherwise. A second or two previous to the speech of the hon. Colonial Scoretary the hon. member who represents the Chamber of Commerce read out the very words of Lord Knutsford wherein he distinctly states that the salaries were raised on the understanding that they should be reconsidered year by year and that they should be reconsidered at the end of each year for the following year. I contend that that is exactly what we have been doing. I contend that at the A TACOMA telegram in the San Francisco | meeting of the Finance Committee these Chronicle says:- The Northern Pacific salaries were reconsidered, and the majority steamer Zambesi will probably have to take in that Finance Committee decided that back to China thirty Chinese who were they should be reduced.
